[illegible]

2 \square 3

--	--	--	--	--	--	--	--

A diagram illustrating the relationship between two quantities. The top bar represents a total of 20 units. The bottom bar shows a group of 5 units, followed by a double quote, then a single unit, then a single quote, and finally the remaining 14 units. This represents the equation $5 + 1 = 6$ and $20 - 6 = 14$.
